

MCT Dedicates Historical Marker at River Barge Park

On June 14, 2022, the MCT dedicated a historical marker denoting the slave trade in the Meadowlands on its property in River Barge Park in Carlstadt. The Trust created the sign working with Avery Gordon, an MCT constituent.

The marker is consistent with the MCT's mission to enhance open spaces, in this instance by educating the public about historic chattel slavery in the Meadowlands. The display is a vital teaching tool, providing a place to educate and remind the public of the inhumanity of slavery.
